

Bowl Fed Synchronous Rotary Assembly Table

INDUSTRIAL AUTOMATION, LLC

Custom Assembly Equipment Specialists

Part Name: **DODGE TRUCK TIE-DOWN CLEAT**

Fully Automated High Speed Assembly of Multiple Components of Truck Cleat

Specifications

- Machine Footprint: 15' x 15'
- Cycle Time: 2 Seconds at 100% Rate
- Configuration: Tecmes 12 Station Cam Driven High Speed Synchronous Rotary Table
Dyna-Slide Non Marking Orientation System to Feed Surface Critical Components
Error Proof Parts Detection and Machine Logic
Fully Automatic
Parts Pass and Fail Automatic Ejection
